

WIRED 1 SZKŁO

EXPRESSIVE STYLE AND MINIMALISM OF LOFT INTERIORS

WIRED 1

Industrial pattern in a simple form

WIRED 1 stands for a beautiful subtle structure of 1 inch metal mesh (i.e. 2,54cm), embedded in a delicately transparent glass pane. The slightly opaque structure of the glass secures discrete privacy, at the same time maintaining the inflow of light.

Comfort, design, and functionality
- a perfect combination.

WIRED 1 glass complements various interiors, especially those in industrial style. Thanks to its delicate texture combined with a subtle structure of a silver mesh, this glass will be a perfect choice in loft arrangements. Optical enlargement of spaces, zoning, guarantee of privacy, and at the same time maintaining the inflow of natural daylight, durability and resistance - these are only some of many advantages of WIRED 1.

MULTIPLE APPLICATION POSSIBILITIES

- partition walls,
- elements of sliding doors of wardrobes,
- furniture elements,
- elements of interior and exterior doors.

PROCESSING

WIRED 1 can be laminated and edge-processed.

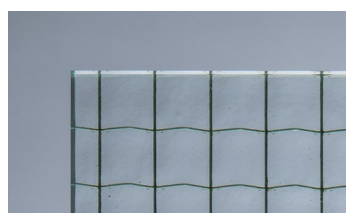

RANGE

Pane sizes:

- 2040mm x 1260mm
- 2040mm x 1860mm
- 2040mm x 2520mm
- 2040mm x 3300mm

Thickness: 6mm

Reinforced glass WIRED is available in two options: WIRED 1 and WIRED 1/2. Decide which version fits best for your project variants: WIRED 1 and WIRED 1/2. Decide which wired glass fits best for your project.
